

Engineered Plastic Components, Inc.

Quality Policy Statement

At EPC, management and all employees are fully committed to delivering exceptional quality and safety in our products and services. We aim to consistently meet or exceed customer expectations, regulatory requirements, and our established quality objectives.

- We ensure that our Quality-Environmental Management System remains appropriate to the purpose and strategic direction of the organization.
- We are dedicated to maintaining a leadership position within our industry through the continual enhancement of product quality, safety, and customer satisfaction.
- We operate a robust, integrated Quality-Environmental System that complies with IATF 16949:2016, ISO 13485:2015 and ISO 9001:2015 requirements.
- We foster a culture of continuous improvement by actively enhancing our products, processes, and quality system.
- Our management team regularly reviews the Quality-Environmental Management System and quality objectives to ensure ongoing effectiveness, alignment with strategic goals, and continued suitability.
- This policy is communicated, understood, and applied throughout the organization.
